Welcome to Fiore Stone, Inc.
The manufacturers of quality cast-stone Fountains and Statuary
The products featured in our catalog and on our web-sites often times do not represent our finishes very well. This is because studio lighting and effects are used to create a dramatic representation of the product to enhance certain features of a particular design. Although we “list” the actual color that product was finished in at the time, back-lighting, exposure, and the use of photography lighting create shadows and exposures that are not ascertained when products are compared in ‘natural’ light.
Although the samples shown here are a good representation of our colors, we encourage you and your clients to compare ‘colors shown’ on products featured in this catalog with actual physical color samples as well as products on display.

Contact us if you wish to have a few samples mailed and note that, upon request, we can always include a complete complimentary set of samples when we ship your order.

RKB Fiore Tub, Black or RKG Gray
  h11" od88" id84"

This RK (Reservoir Kit) consists of one ¼ inch industrial grade polyethylene tub (Black or Gray), that with the exception of concrete components placed in its center, does not require the same detail to attention you would give a solid concrete basin of this or a smaller size. In preparation, all that is required is a large size stepping stone or paver to support the concrete fountain components placed in the center of the pond.

The tub is solid and grommets for custom holes up to 1¼ inch are available. This solution for an eight-and-a-half foot (six-and-a-quarter feet inside) diameter basin with a height just over a foot (14 inches) simplifies the installation of large basins making it cost-effective and efficient, while maintaining the quality and authenticity you expect from Fiore Stone Inc.

This basin is available with a RKG light gray (3210-SG) or RKB black tub (3210-SB) suggested for darker finishes. Black also makes power cords for pumps and optional lights less apparent.

Shown here is model 234-FRB (-FRG)
See Roma Fountains on page 48

Optional Uniseal AG-62 ¾” Uniseal = 1¼” Hole Saw (¾” PVC & AG-26)
AG-63 1¼” Uniseal = 1¾” Hole Saw (1¾” THIN WALL PVC)

Instructions: 1. Cut hole with hole saw to the size indicated. 2. Ensure that the hole is cut clean with sharp edges, irregular holes could cause poor seating and possible leaks. 3. Insert Uniseal with the wide surface facing out. 4. Make certain the pipe to be inserted is cut clean and square. File or sand the edges so there are no rough or sharp edges to cut the Uniseal surface. 5. Use liquid soap or Teflon lube on the pipe to be inserted. Insert the pipe into the Uniseal as far as needed to clear the inside of the seal by about 1” (This takes considerable force). The lubricant will be squeezed off the pipe as it passes through the Uniseal.

Treat Water Seriously with Fiore Stone Water Clarifier.

Only a few drops per gallon of Fiore Stone Water Clarifier will prevent most fountain finished discoloration (ie. that "white" calcium buildup) while also maintaining crystal clear water. Fiore Stone Water Clarifier is great at keeping water clear and algae free up-to ambient temperatures of around 90 degrees Fahrenheit. Water Clarifier is available in 8 oz. and 64 oz. bottles and requires only two drops per gallon every two to three weeks.

AG-60 Water Clarifier (24 x 8oz. Bottles)
AG-61 Water Clarifier (64oz. Bottle)

When temperatures exceed 90 degrees or when existing water turns murky, we highly recommend supplementing the water treatment with Fountain Block. When placed near the pump, this tablet will immediately keep water clear for up to 3 to 4 weeks. Both products are eco-friendly and safe for pets and wildlife when used as directed.

FOUNTAIN BLOCK ALGAE CONTROL
- Helps control algae growth and leaves water crystal clear
- Clears cloudy water and removes algae
- One Block maintains 50 or 250 U.S. Gallons for up to 30 days.
- One Fountain Block 6-Pack maintains an average fountain (44 Gallons) for up to 6 months

No minimum, Case pack required
Case Quantity
AG-134 Fountain Block 6-Pack/16 case

Details: Not recommended for use in fountains with live plants. For best results, place Fountain Block in direct circulation where water is active. For regular maintenance, replace block when fully dissolved (usually in 3-4 weeks) or as water begins to appear cloudy and/or green.

Fountain Block is NOT safe for fish and caution should be used with plants in surrounding areas in the event of splash. When diluted and used as directed both products are safe when consumed by pets and birds. Do read all directions carefully.

**Terms & Conditions**

**Payment Terms**
The credit application and account agreement begins the process of establishing a credit account with Fiore Stone, Inc., the manufacturer of Al’s Garden Art. Until a credit limit has been established, all orders may require payment in advance of shipment or be delivered on a c.o.d. basis. We accept a company or cashier’s check for payment. When applicant is determined a customer and a credit limit is established, payment for shipments as invoiced are due on NET 30 day terms. No discount is allowed for early payment. No discounts are offered for credit card payments. Minimum order of $5,000 is required for any new or re-established account. A 25% restocking fee will be charged on any product ordered and returned due to customer refusal, cancellation 7 days prior to shipment, return of non-defective items, or items returned under unusual circumstances to be determined by Fiore Stone, Inc. and/or their sales representatives.

Overdue accounts are subject to a late charge at a rate of 1.5% per month or such maximum lesser rate as permitted by law on overdue balance.

Invoices are considered overdue 30 days after the invoice date. The acceptance on any individual order is subject to the approval of the Credit Department of Fiore Stone, Inc.

**Delinquent Payments**
Should either the Customer or Fiore Stone, Inc. initiate legal proceedings arising out of the sale or delivery of statuary or fountain merchandise, reasonable court costs and attorney fees shall be awarded to the prevailing party in those proceedings. Without limiting the generality of the foregoing, should Fiore Stone, Inc. incur cost or attorney fees in attempting to collect a delinquent account, Customer agrees to reimburse cost and fees to Fiore Stone, Inc. All orders are accepted at Corona California; Any action arising out of the sale or delivery of fountains and statuary shall be interpreted according to the laws of the State of California and shall be brought in the courts located in the County of Riverside, California.

At the option of Fiore Stone, Inc., any controversy or claim, arising out of or relating to this agreement, the relationship resulting in or from this agreement, or any breach of contract, may be settled by binding arbitration. Customer and Fiore Stone, Inc. agree to accept services by certified mail return receipt requested, through the United States Postal Service of the initial claim documents which begin arbitration. Judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction.

**Claims and Shortages**
On all shipments and orders delivered, Customer must check the condition and count of the shipment at the time of delivery or within 7 days. No claim for shortages, damaged stock, or errors in filling an order will be honored unless it is made in writing on the Bill of Lading upon receipt of the shipment. Failure to make claim on the Bill of Lading shall constitute a waiver of Customer’s right to a refund or credit.

Customer acknowledges, guarantees, and warrants to Fiore Stone, Inc. that the person signing this contract, any future invoices, evidencing materials purchased pursuant to this contract, and any Bill of Lading authorized to sign same. In the event Customer wishes to specify or limit persons in authority to order and purchase on their behalf, it shall be the Customer’s responsibility to submit and update such a list in writing.

**General Conditions**
To maintain status as an Fiore Stone, Inc./Al’s Garden Art dealer your business must have a “store-front” retail business with reasonable space dedicated to the resale of concrete fountains and statuary. The business must display an inventory of Al’s Garden Art merchandise throughout the selling season as well as reasonably accommodate purchases of anyone showing interest in Fiore Stone products. The applicant must be qualified by and be in direct contact with the assigned Fiore Stone area sales representative.

Shipments of orders are subject to cancellation or delay caused by droughts; inclement weather; labor disputes; floods; fire or frost; war or embargoes; or any other cause reasonably beyond the control of Fiore Stone, Inc.

All orders are accepted subject to available stock on hand at the time of delivery. The prices are applicable for each order shall be the prices set forth in the current price list of Fiore Stone, Inc. at the time of shipment.

Financial statements, credit information supplied by customer or by others on behalf of customer, or agreements are part of this contract. Any false or misleading information constitutes as fraudulent misrepresentation.

**Copyright Information**
The use of any Fiore Stone, Inc. copyright and/or Al’s Garden Art copyright owned by Fiore Stone, Inc. without prior written consent of Fiore Stone, Inc. is a violation of State and/or Federal Law and may subject the infringer to a lawsuit seeking an injunction and money damages. Materials depicting the Fiore Stone as well as Al’s Garden Art logo/name, including products, published by the dealer for promotions and advertising (ie. print advertising, web-development) require prior written approval from Fiore Stone, Inc.
COLOR DISCLAIMER

In accordance with our tradition to create an ‘old world’ look, each item is finished and antiqued by hand. Because Fiore Stone products are made of all natural materials and finished using old world techniques no two products are ever identical.

Fiore Stone, Inc. therefore cannot guarantee the replication of finishes featured online, in this catalog, on display by the dealer or anywhere else.

During the application of our finishes, coloring materials are absorbed into the surface of the concrete. For example, consideration should be given to product designed with rough surfaces, as they will absorb more stain and/or antique material than products with less detail. Because by design each item is unique, Fiore Stone cannot accept product returns on merchandise not matching colors featured in this dealer catalog, our web-sites, products on display at our dealers or anywhere else including items ordered at different times.

SHIPPING

We understand that timely deliveries are important to our dealers so Fiore Stone will use LTL Carriers to ship orders when geographically our own trucks are not available.

This catalog features a few very large items (primarily basins and bowls) which cannot ship LTL without some additional packaging costs. Please refer to the inside front cover (page 1) of our wholesale price list.

If we cannot deliver on our truck, your qualified minimum order with products available for LTL shipment will be started immediately and will ship without any delay or additional freight charges in approximately 3 to 4 weeks. Fiore Stone Freight does not include lift gate service, limited access, re-delivery and other accessorial charges. We will contact you if we have any questions about your order and if we have a truck in the area we’ll delivery your order ourselves and take care of any exchanges / replacements.

Fiore Stone, Inc. does not drop-ship to consumers and ships only LTL on terms to stocking dealers. Fiore Stone does not guarantee LTL shipments unless damaged products can be replaced on a future minimum order delivered on our own trucks or LTL. Dealers should arrange their own freight in the event they wish to ship to consumers direct.

To ship below our minimum order amount will require a $250.00 charge to cover the cost.

FIORE STONE ON-LINE

Fiore Stone on the World Wide Web at www.fiorestone.com is designed to bring consumers in contact with their best local source for our products. Our exclusive dealer locator ranks dealers by volume ensuring that your investment receives its return. Similarly, products are featured by popularity so browsers can identify their online experience with those products you have on display at your store.

You can update your information anytime by logging on using your Fiore Stone account number as UserID and zip code as Password on the Contact Us page.

To give your customers, and your unique visitors the opportunity to browse the Fiore Stone product online, we have launched qualitysetinstone.com. Each dealer is assigned a unique promo-code, which identifies your business information and prominently places this and your logo on all the qualitysetinstone.com pages. Include your own web-address and visitors will even be redirected back to your own website when clicking “Home.”

This code and a direct link can be found at the top of the dealer profile page when logged in at www.fiorestone.com or e-mail us at info@fiorestone.com.

We appreciate your business and thank you for your continued support!
